Courageous Parenting 101[®]

UNDERSTANDING SUBSTANCE ABUSE AND ITS IMPACT ON CHILDREN AND YOUTH

Courage to Speak - Courageous Parenting 101[™]

TRAIN THE TRAINER

NEW Facilitators Training June 2, 2010

The Courage to Speak[®] Foundation will conduct a training for new facilitators to teach *Courage to Speak - Courageous Parenting 101[™]*. The training will take place at *West Rocks Middle School, 81 West Rocks Road, Norwalk, CT on June 2, 2010 at 6 pm*. The Foundation will train social workers, teachers, prevention experts, law enforcement and other interested professionals who work with youth and families as facilitators to teach *Courage to Speak - Courageous Parenting 101[™]* to parents in their communities, schools, youth and civic organizations and other forums.

Why Do We Offer This Training?

It is a fact that our children will be offered alcohol, tobacco and other drugs, often many times, starting in middle school and continuing through high school. Courage to Speak - Courageous Parenting 101[™] is a four-session drug prevention program designed specifically for the parents of elementary, middle and high school students.

Why Target Parents?

Research identifies parents as the greatest influence on their child's drug use behaviors and with the greatest opportunity to positively impact their child's healthy decisions. While teens report drugs to be their number one concern, most parents are unaware of the influence the American drug culture has on youth and what parents can do to counter these pro-drug messages.

What Will Parents Learn In Courage to Speak - Courageous Parenting 101[™] ?

Parents will learn effective communication strategies; gain confidence to talk to their children about the dangers of drugs; understand how to set clear rules and boundaries with their children related to use of alcohol, tobacco and other drugs; and gain confidence in knowing how to deal with substance use among their children. Parents will also develop improved listening and communication skills, which have been shown to be a critical factor in prevention.

Courage to Speak- Courageous Parenting 101[™] Covers:

- Teen drug use trends and party culture
- Communication and listening strategies
- How to help your child handle stress
- Warning signs
- Practical steps if use or abuse is suspected
- Sources of help **and more**
